## RESTORATION CONTAINMENT

### ZipPole™ 2-Pack

The 2-Pack is ideal for adding to your ZipWall® Dust Barrier System. Two poles can also be used to close off a hallway or small room less than 10' wide.

ZipPole™ 2-Pack contains two 10' stainless steel, spring-loaded poles with parts (heads, plates, and Gripdisk™ non-slip pads). Plastic sheeting is not included.

Item # ZP2

Weight: 4.1 lbs.

Dimensions: 50.25" x 3" x 2.25"

### ZipPole™ 4-Pack

The 4-Pack can create a dust barrier up to 30' long or you can build a three-sided barrier, creating a room within a room. It's ideal for getting started with the ZipWall® Dust Barrier System or adding to your existing system.

Each 4-Pack comes with a carry bag, so you can get one for each truck. ZipPole™ 4-Pack contains four 10' stainless steel, spring-loaded poles with parts (heads, plates, and Gripdisk™ non-slip pads), two standard zippers, and one ZipPole™ carry bag.™ Plastic sheeting is not included.

Item # ZP4

Weight: 9.4 lbs.

Dimensions: 50.25" x 5" x 3.5"

### SLP™ 2-Pack

The 2-Pack is ideal for adding to your ZipWall® Dust Barrier System. Two poles can also be used to close off a hallway or small room less than 10' wide.

SLP™ 2-Pack contains two 12' aluminum, spring-loaded poles with parts (heads, plates, and Gripdisk™ non-slip pads). Plastic sheeting is not included.

Item # SLP2

Weight: 5.0 lbs.

Dimensions: 58.75" x 3.5" x 2.25"

## SLP™ 4-Pack

The 4-Pack can create a dust barrier up to 30' long or you can build a three-sided barrier creating a room within a room. It's ideal for getting started with the ZipWall® Dust Barrier System or adding to your existing system. Each 4-Pack comes with a carry bag, so you can get one for each truck.

Item # SLP4

Weight: 11.7 lbs.

Dimensions: 59" x 4.5" x 3.75"

## SLP™ 6-Pack

The 6-Pack can create a dust barrier up to 50' long or you can build a three-sided barrier creating a room within a room. It's ideal for getting started with the ZipWall® Dust Barrier System or adding to your existing system. SLP™ 6-Pack contains six 12' aluminum, spring-loaded poles with parts (heads, plates, and Gripdisk™ non-slip pads). Plastic sheeting is not included.

Item # SLP6

Weight: 13.7 lbs.

Dimensions: 59" x 4.5" x 3.75"

## Zip20™ 2-Pack

These 20' poles are made of high-quality anodized aluminum and provide you with maximum flexibility. They're great when you're working with very high ceilings, but because they collapse down to as low as 5' 2" they work just as well with lower everyday ceilings. Zip20™ 2-Pack contains two 20' aluminum, spring-loaded poles with parts (heads, plates, and Gripdisk™ non-slip pads). Plastic sheeting is not included.

Item # KT20

Weight: 7.8 lbs.

Dimensions: 62.5" x 3.75" x 2.75"

## FoamRail™ Cross Bars 2-Pack

Snap a T-Clip™ on to the FoamRail™ and then snap the FoamRail™ to any ZipWall® pole or SideClamp™ wall mount to form a tight seal at the ceiling, floor or wall.

FoamRail™ Cross Bars 2-Pack contains two 4' aluminum FoamRail™ cross bars and two T-Clip™ attachments. Does not include poles or wall mounts.

Item # FR2

Weight: 2.0 lbs.

Dimensions: 51" x 4" x 2"

## ZipRail™ Dual Seal Single

Includes the FoamRail™ Cross Bars and the pole needed to form a seal spanning 4' at the floor and ceiling.

ZipRail™ Dual Seal Single contains one 10' stainless steel, spring-loaded ZipRail™ pole, two 4' aluminum FoamRail™ cross bars, and two T-Clip™ attachments.

Item # ZR1

Weight: 3.8 lbs.

Dimensions: 52.25" x 3.5" x 1.75"

### ZipRail™ Dual Seal 3-Pack

Includes the FoamRail™ Cross Bars and the poles needed to form a seal spanning up to 12' at the floor and ceiling.

ZipRail™ Dual Seal 3-Pack contains three 10' stainless steel, spring-loaded ZipRail™ poles, six 4' aluminum FoamRail™ cross bars, and six T-Clip™ attachments.

Item # ZR3

Weight: 10.7 lbs.

Dimensions: 52.25" x 6" x 2.75"

### SideClamp™ Wall Mount 2-Pack

If you already have FoamRail™ cross bars and want to seal your ZipWall® barrier at the wall, use the SideClamp™ wall mounts to put them to work.

SideClamp™ Wall Mount 2-Pack includes two SideClamp™ wall mounts. FoamRails™ are not included.

Item # SC2

Weight: 1.6 lbs.

Dimensions: 9.5" x 8.75" x 3"

### ZipWall® Heavy-Duty Zipper 2-Pack

ZipWall® Heavy-Duty Zipper 2-Pack contains two zippers, two flap hooks and one ZipperKnife™ sheeting cutter.

Item # HDAZ2

Weight: 1.6 lbs.

Dimensions: 9.5" x 8.75" x 3"

### ZipWall® Heavy-Duty Zipper 12-Pack

ZipWall® Heavy-Duty Zipper 12-Pack contains 12 zippers, 12 flap hooks and one ZipperKnife™ sheeting cutter.

Item # HD12

Weight: 3.5 lbs.

Dimensions: 11" x 7.25" x 6.75"

### ZipDoor® Kit

ZipDoor® Kit contains one reusable ZipDoor®, two flap hooks, and one roll of 1' x 18' ZipWall® Tape, enough for one installation.

Item # ZDS

Weight: 1.2 lbs.

Dimensions: 12" x 8.75" x 1.5"

### Commercial ZipDoor® Kit

Commercial ZipDoor® Kit contains one reusable ZipDoor®, two flap hooks, and one roll of 1' x 60' ZipWall® Tape.

Item # ZDC

Weight: 1.7 lbs.

Dimensions: 13.75" x 10.5" x 1.5"

### ZipWall® Tape 2" x 60'

2" x 60' contains one roll.

Item # T260

Weight: 8.0 oz.

Dimensions: 2" x 4.25" diameter

### ZipWall® Tape 1" x 60'

1" x 60' contains one roll.

Item # T160

Weight: 4.0 oz.

Dimensions: 1" x 4.25" diameter

Item # 16131993

When you purchase Sentinel brand products, you are buying much more than a product. You are acquiring industry-leading capability, technical support and service after the sale.

#### **24-7 Premium White Mold & Mildew Resistant Coating**

SENTINEL 24-7 is a low-odor, high-performance coating with MICROBAN® antimicrobial product protection, designed to inhibit the growth of stain and odor causing mold, mildew, and other microorganisms on the coating film. 24-7 can be used on multiple surfaces including, but not limited to, previously painted surfaces, wood, concrete, dry-wall, plaster, brick and most metals. For those surfaces that require a primer, 24-7 is self-priming and a light pre-coat will prime these surfaces.

Inhibits Growth of Bacteria, Mold & Mildew That Cause Stains & Odors On The Dried Coating Film - 24 hours a day, 7 days a week.

#### **310 Fuel Oil Cleaner**

Sentinel 310 Fuel Oil Cleaner is an environmentally friendly product designed to clean fuel oil and fuel oil residues found in both residential and commercial situations. Sentinel 310 Fuel Oil Cleaner is powerful enough to handle the most difficult cleaning problems without compromising the safety of workers or the environment.

1Gal Item #310/4-1

#### **Sentinel 315 Smoke & Soot Cleaner/Wash**

Sentinel 315 Smoke & Soot Cleaner/Wash is a powerful cleaner that is highly concentrated and safe to use. 315 is highly concentrated and can be mixed in varying strengths, based on the cleaning needs of the job.

1Gal Item #315/4-1

## 522 Smoke & Odor Cleaner & Destroyer

Sentinel 522 Smoke & Odor Cleaner & Destroyer is a professional strength, odor control product used to eliminate odors commonly associated with restoration projects like smoke and damp musty smells. Sentinel 522 can be used as an odor control additive to clean smells from hard surfaces as well as soft goods and other materials. Sentinel 522 is non-flammable and non-hazardous and can be used as part of a professional cleaning process without the concerns normally associated with other flammable odor control products. Before using products like Sentinel 522 Smoke & Odor Cleaner & Destroyer or 531 Smoke & Odor Counteractant to rid the space of unwanted odors, first clean dirt, grease, grime smoke and soot from floors, walls, ceilings and other surfaces with Sentinel 333 Green All Purpose Cleaner and Degreaser.

1Gal Item #522/4-1  
Wipes Item #522RW/05

## 531 Smoke & Odor Counteractant

Sentinel 531 Smoke & Odor Counteractant is a professional strength, odor control product used to reduce odors commonly associated with restoration cleaning projects, like smoke and damp, musty smells. Sentinel 531 can be used as an odor control additive to clean smells from hard surfaces as well as soft goods and other materials. Sentinel 531 is non-flammable and non-hazardous and can be used as part of a professional cleaning process without the concerns normally associated with other flammable odor control products.

1Gal Item #531/4-1

## 532 Sentinel Thermal Fogging Counteractant

532 Sentinel Thermal Fogging Counteractant is a professional strength product that will eliminate odors associated with restoration cleaning. Sentinel 532 is effective on smoke odors, damp, musty odors and animal odors. Sentinel 532 is safe for use in mechanical cold-fogging and in thermo-fogging applications. Before using Sentinel 532 Thermal Fogging Counteractant remove dirt, grease and grime, and smoke residues from all surfaces with Sentinel 333 Green Cleaner & Degreaser.

1Gal Item #532/4-1

## 505 Smoke & Odor Laundry Wash

Sentinel 505 Smoke & Odor Laundry Wash is a concentrated smoke and odor removing cleaner used to wash and remove strong smoke odors from clothes and other machine-washable items. Use Sentinel 505 in place of your usual laundry detergent or as a pre-treater for tough odor-causing stains.

1Gal Item #505/4-1

## 626 Carpet & Sheet Vinyl Adhesive Remover

SENTINEL 626 CARPET & SHEET VINYL ADHESIVE REMOVER is a powerful, biodegradable, formulation designed specifically for quickly removing latex, acrylic, and pressure-sensitive adhesives from concrete, terrazzo, ceramic, and vinyl tile or wood substrates. Use 626 to remove tan or beige colored glues, linoleum backing and vinyl sheet goods adhesives. 626 cleans up with water, is non-hazardous, and requires no dilution, so it's ready to use.

1Gal Item #626/4-1

## 922 Urethane Adhesive Remover

922 Urethane Adhesive Remover is great for removing fresh, uncured or cured urethane adhesives or for cleaning up tools after new hardwood floor installations. 922 URETHANE ADHESIVE REMOVER is a low-odor, readily biodegradable solution, specifically formulated for cleaning and removing urethane and solvent adhesives used for installing wood floors. 922 rinses with water, leaving no residue behind.

1Gal Item #922/4-1

# FIRE AND MOLD RESTORATION PRODUCTS

## 747 Plus Adhesive Remover

The complete product for all of your at-home adhesive removal needs, 747 Plus is a powerful, biodegradable product made to remove indoor/outdoor carpeting and when mixed with equal parts warm tap water, indoor carpet and latex-based adhesives as well.

1Gal Item #747/4-1

## 300 EnviroWash Peroxide Cleaner

Sentinel 300 EnviroWash Peroxide Cleaner is a professional strength hydrogen peroxide based cleaner that is designed to remove stains, odors, brighten and lighten surfaces. Important properties include Sentinel's Unique Surfactant Package, which provides for superior soil wetting. High foaming properties to lift and remove stain and soil residues. Versatile - EnviroWash is effective on a wide range of surfaces. Effective - EnviroWash removes mold and mildew stains as well as a variety of stains.

2.5Gal Item #300/2.5

## 525 Furniture Restorer

Sentinel 525 Furniture Restorer is an all natural finish restoration polish. Sentinel 525 Furniture Restorer works quickly and safely to remove bloom, white water marks, haze and surface scratches on wood, leather and vinyl surfaces. Sentinel 525 will clean and polish brass, copper, silver and many other hard surfaces including stainless steel.

1Gal Item #5-674-04    1Qt Item #525/6-1QT

The Serum System is a two-product system that redefines the process of remediating indoor air quality and organic contamination in structures. The system consists of Serum 1000 and Serum 2000.

## Serum System 1000 Accelerator

Serum 1000 Accelerator is a designed additive to cause Serum 1000 to perform at a higher level than the Serum 1000 by itself. Serum 1000 for years has performed flawlessly at cleaning all organics and bleaching some of the organic stains that mold leaves behind. The Accelerator is designed to cause Serum 1000 to create billions of hydroxyl radicals to super charge it's bleaching qualities. Now with the Accelerator, you can clean the organics faster because of it's super excited state and be assured that all the staining will be bleached away improving the esthetics of all surfaces being cleaned. The Accelerator is packaged as 15 ounces in a quart bottle, which is what is required to accelerate five (5) gallons of Serum 1000. If less accelerated product is desired, you may measure and add three (3) ounces of Accelerator per each gallon of Serum 1000 that you would like to treat and accelerate. Shelf life of Accelerated Serum 1000 is approximately one and one half to two days. (1.5-2 days). Any run off from spraying accelerated Serum 1000 that may occur is pH 9. The only by product of the accelerated Serum 1000 is water, oxygen and potassium acetate (a food additive).

Item# 5-730-12

## Serum 1000

Serum 1000 is a surface and substrate cleaner for removal of organic contamination. It accomplishes this by the use of 20% hydrogen peroxide formulated with surface active agents. This formulation allows Serum 1000 to break surface tension to penetrate deep into the substrate of porous materials.

Item # 5-215-05

## Serum 2000

Serum 2000 is a BIO DISPERSANT formulated with siloxane. Siloxane chemically attaches to any surface to give the longevity and durability required for long term survival. The polymers that reside on the siloxane backbone are charged to repel organic molecules. Serum 2000 can be applied to any interior surface not harmed by water, dries clear, remains flexible, remains breathable and is non-intrusive to the applied surface. It may be applied to all the materials of construction as well as cloth upholstery, carpet and pad, as well as many other materials that need to be protected against organic contamination. New structures are often exposed to large amounts of organic contamination. Serum 2000 can be applied materials of construction to protect against organic matter contamination. A blue tint may be added to the process for verification.

Item #5-212-05

## Serum SR

Serum SR is formulated to remove heavy smoke build up in fire damaged structures. It's chemistry lends itself to be very aggressive but yet safe to use. It is based on the tried and true use of a small amount of caustic and a water soluble solvent from the alcohol family to dissolve, sequester and rinse heavy heated on smoke that may exist in fire damaged structures. Simply spray Serum SR onto all affected areas, allow a few (10) minutes dwell time then rinse off using a small volume high pressure washer. Once all the visible smoke has been removed, simply spray all areas with Serum 1000. Serum 1000 will go after and oxidize the carbon that causes smoke smell in a burned structure. There will be no more smoke odor after using Serum 1000.

1Gal Item #5-674-04

5Gal Item #5-674-05

## Serum TG

Serum TG is designed to clean and brighten grout and ceramic tile. Simply spray SERUM TG over the area to be cleaned. Allow a few minutes dwell time and using a stiff bristle brush, agitate the grout areas you are attempting to clean. Rinse with clean clear water. Repeat in areas if required.

Item #5-671-04

## Serum CU

SERUM CU is a formulated 20% Hydrogen Peroxide solution containing surface active agents that enhance wetting. Enhanced wetting breaks surface tension to penetrate deep into the fiber's substrate. SERUM CU is uniquely formulated to attack and remove organic stains and odors. As SERUM CU evaporates from the carpet or fabric the only thing left behind is water and oxygen, leaving a fresh clean scent.

Item #5-222-04

## Serum SBC

Serum SBC is intended to be used as a Spray & Wipe product to clean surfaces of mold & mildew "BLOOM". The mold and mildew that form on the surfaces is referred to as "Mold Bloom". This "Bloom" is the result of temperature and moisture levels high enough to allow surface mold and mildew to grow while the structure is closed for long periods. Serum SBC is also very effective at cleaning CAT 1 and CAT 2 water losses. Serum SBC is a cleaner/remover that completes the job of cleaning surfaces after a water loss. Serum SBC will remove all the dust, dirt and organic contamination as well as kill the odor associated with mold and mildew growth. It will also tend to bleach any stains that the mold and mildew leave behind. Serum SBC will enhance surface colors and brighten dull surfaces. After using Serum SBC, the space will smell fresh and clean.

Carpet Cleaning - RTU Liberal mist

Benefect is a world recognized leader in next-generation botanical antimicrobials. Benefect products use nature's way of cleaning and killing germs with no compromise in strength and without endangering human health.

### Benefect Botanical Disinfectant

Kills Over 99.99% of Germs  
Virucidal (HIV-1) • Bactericidal (Including MRSA)  
Fungicidal, Tuberculocidal  
Made From Plant Extracts  
Pleasant Aromatherapeutic Vapors  
No Synthetic Fragrances, Dyes or Bleach  
No Cautions/Warnings on The Label or MSDS Sheets  
No Rinse or Wipe Required  
No Mixing Required

**Available Sizes:** 1 gal.  
Item #20475

As a contractor or homeowner you know that Benefect has been reviewed for safety, efficacy & environmental impact by the Environmental Protection Agency (EPA) and therefore you can trust what the label says. Naturally, Benefect's botanical ingredients give it some distinct advantages.

### Benefect Botanical Decon 30

An innovative one-step disinfectant cleaner specially formulated for the majority of water damage restoration jobs.

Light Scent  
Kills over 99.99% of Bacteria in 30 seconds!  
Carpet Sanitizer  
No Health Warnings, No Rinsing, No PPE

**Available Sizes:** 1 gal.  
Item #20476

Typical disinfectants require 10 minutes contact time, which is difficult to achieve on vertical surfaces and materials. New Decon 30 solves this problem by being specially formulated to kill gram-negative and gram-positive bacteria with a more realistic contact time of just 30 seconds!

### Botanical Disinfectant Wipes

The latest advancement from the creators of Benefect Disinfectant is Botanical Disinfectant Wipes. Using the same proprietary thyme oil Active Ingredient that Benefect is known for, the new wipe format will make cleaning and disinfecting fast and easy.

Kills Over 99.99% of Germs  
Prevents Cross Contamination  
Clean & Disinfect in One Easy Step

**Net Contents:** 250 Wipes

The Disinfectant Wipes are EPA registered to kill 99.99% of bacteria in 30 seconds! They are also effective against other common disease causing organisms such as Staph, Salmonella, Pseudomonas, MRSA, E-coli, Rhinovirus (cold virus) and influenza (flu virus- H1N1).\*

**Strong, Durable Biodegradable Wipe**

### Benefect's Impact Cleaner

Now you can complete your line of Botanical Disinfection & Cleaning Products with our Benefect Cleaner Concentrates!

Benefect's Impact™ Cleaner is a high-performance Carpet Cleaner Concentrate based on optimized dynamic chemistry that outperforms other industry cleaners without using hazardous synthetic chemicals.

**Available Sizes:** 1 gal.  
Item #60475

#### Formulated for:

Carpets & Fabrics  
Plus other porous & semi-porous materials & surfaces. It can be used as a Carpet Pre-Spray, In-Tank Extraction Units, Bonnet Cleaning & for Upholstery Cleaning.

## Benefect's Atomic Cleaner

Benefect's Atomic Cleaner is a heavy-duty Cleaner & Degreaser Concentrate based on next-generation dynamic chemistry that dramatically outperforms the competition without using hazardous synthetic chemicals.

**Available Sizes:** 1 gal.  
Item #80475

Formulated to seek & remove particulate at the atomic level with minimal agitation, making it ideal for:

Heavy duty cleaning  
Fire & Smoke Damaged Contents & Surfaces  
Trauma Scenes  
Commercial Kitchens  
Plus Other Porous & Non-porous Materials & Surfaces

## Benefect® Multi-Purpose Cleaner

Are you going green? ...Go Botanical!  
For a complete green cleaning system use Benefect's line of Botanical Disinfection & Cleaning Products.

Formulated for:  
General Daily Cleaning  
Large Dilution Range from Heavy to Light-Duty Tasks

**Available Sizes:** 1 gal.  
Item #30475

### Features:

Botanical Ingredients  
Neutral pH, No Skin Irritation & Broad Surface Compatibility  
Solvent-Free, No VOCs  
No Resoiling  
No Fragrances, Dyes, Petrochemicals, Phosphates, EDTA, NTA or other hazardous or unnecessary ingredients.

Sporicidin Brand mold remediation products have been used in hospitals, medical, and dental offices for infection control for over 30 years. In addition, the product line is used extensively for cleaning and restoration applications for mold remediation and sewage, biohazard, and flood clean up.

## Sporicidin Disinfectant Solution

Sporicidin® Disinfectant Solution is an EPA registered and FDA compliant disinfectant recommended for use in hospitals, and medical, dental, and veterinary clinics. Sporicidin Disinfectant Solution is compliant for hospital disinfecting and for medical instrument disinfecting prior to sterilization. This product meets OSHA Bloodborne Pathogens Standards (29 CFR 1910.1030) and provides 100% kill of disease and odor-causing organisms.

Disinfecting of hospital, medical, dental, and veterinary instruments and equipment  
Disinfecting hard, non-porous environmental surfaces  
Disinfecting dental impression materials without distortion  
Cleaning, disinfecting and deodorizing equipment and personal protective equipment (PPE)

**Available Sizes:** 1 gal.  
Item #RE-1284F

Item #NDC64

#### **Uses:**

Non-porous surfaces  
Floors  
Walls  
Shower stalls  
Toilet bowls  
Metal and plastic surfaces

### **Microban - Trusted. Proven. Economical.**

Antimicrobials engineered by experts for the ultimate sanitary facility. Microban is the most recognized brand of antimicrobials in the U.S. (2008 Gallup Poll). Microban products are time-tested and proven effective – that's why they are the choice professionals trust.

### **Microban Blue Label**

Microban Disinfectant Spray Plus is a water-based, nonflammable bactericide, fungicide, and deodorant all in one unique formulation. Microban protects against germs and odor on virtually any surface. Antimicrobial action kills allergy and disease-causing germs, bacteria, fungi, mold, and mildew with one application and provides long-lasting residual protection. Microban is E.P.A. approved for many decontamination applications including sewage backups, removal of carcasses, etc. Microban kills gram negative bacteria, the bacteria encountered in sewage backups, and toilet overflow situations. Microban is E.P.A. approved for both spray and fogging applications. Excellent for decontaminating textiles, mattresses, bedding, etc. Microban Disinfectant Spray Plus has no insecticidal capabilities.

Item #221322000

### **Microban X-590**

Just one application of the new Microban X-590 kills nuisance insects, mold, mildew and bacteria odors. It's registered for use on soft surfaces, including mattresses, so it's perfect for combating bed bugs. X-590 is also suitable for many decontamination applications including sewage backups, removal of carcasses and more.

Item #221552000

### **Microban QGC**

Microban QGC is an E.P.A. approved disinfectant, fungicide, virucide, sanitizer, mildewstat, deodorizer and heavy duty cleaner. It is a one step disinfectant cleaner effective against a broad spectrum of bacteria, is virucidal (including HIV-1, the AIDS virus) fungicidal and inhibits the growth of mold and mildew.

## Sanosil S010 Disinfectant

Disinfectant for combating mold and for highly contaminated areas with organic contamination Sanosil S010 is a highly concentrated disinfectant for special applications. Thanks to the high content of active agents and the de-pot effect, Sanosil S010 is even capable of breaking down mold structures. It also has the highest efficacy against biofilms. This makes it an indispensable aid when it comes to the thorough disinfection of unhygienic showers and wellness areas.

### Sanosil S010 is the product of choice for:

- Mold remediation
- Combating biofilms
- Contaminated showers/wellness facilities

Item #S010

## Stop Bugging Me

Laboratory tested and proven to kill bed bugs and their eggs on contact. It also kills fleas and other crawling insects. Stop Bugging Me is safe for your pets and family. Of the bugs tested in independent laboratories, 100% of them were killed in 15 minutes, and over 50% of them were killed instantly. Each application can prevent additional outbreaks for up to two weeks.

### Application:

Simply spray the areas infested with bed bugs, or those areas you think bed bugs might be hiding. Be very thorough, as they can hide in very small cracks during the day, and then emerge at night to feed. Allow mattresses to dry completely before sleeping on them. Do not get into eyes or on the skin. We recommend testing a small inconspicuous area on carpet or mattress before full application.

Item #SBM1G01

### **Hooded MicroMax (R) HBF, White**

Hooded Disposable Coveralls
